Reading

1 Read Megan's email and answer the questions.

Hi Helen!

How are you? How's school? I've got loads of homework at the moment – and lots of decisions to make! Help!!!

This afternoon, Miss Davies, the school careers advisor talked to everyone in Year 9 about our subject choices for Years 10 and 11. We have to choose our subjects soon, but I'm really confused and I'm worried I'll make the wrong decision!

We'll take our GCSE qualifications at the end of Year 11. Some subjects are compulsory – like English, Science, Maths and ICT. Miss Davies says they are part of the National Curriculum. Other subjects like French, Geography, History and Drama are optional. Miss Davies says that we should think about what we like doing, what we're good at and what skills we've got. Oh, and she says that we should think about what type of person we are. That's a lot of things to think about!

I really like travelling. Do you remember that I went to Australia with mum, dad and Ben last summer. I think we're going to France this summer. I really like French and I'm quite good at it, so maybe I'll choose French and Geography. I'm not very good at Art. In fact, I can't draw at all, so I don't think I'll choose Art and Design. I like History too. I got a really good mark in my last test, so I might choose this subject.

Miss Davies says we should think about what we want to do in the future. I'd quite like to be a lawyer, so I might choose Law. What do you think? Can you give me any advice?

Bye!

Megan
